

ATIBOX

AFFILIÉ À LA FCI

Based on previous discussions made on Annual Assembly in Italy 2011 and on Judges Meeting in Poland 2010, on the proposal of ATIBOX presidium, the following initiative has been unanimously accepted by ATIBOX Annual Assembly held in Rivolta D'Adda, Italy on October 19, 2012:

All cropped boxers, born after January 1, 2013 are not allowed to take part at the ATIBOX events anymore.

Explanation: This initiative is in concordance to the unification processes within the member countries of ATIBOX and practically means that all boxers, born after January 1, 2013 and with cropped ears and/or tails may not enter the catalogue and may not participate at the ATIBOX events, including ATIBOX World Boxer Show, ATIBOX IPO WM and ATIBOX FH WM, and all other official ATIBOX events to be organized in the future. All boxers born before January 1, 2013 may still participate at the future ATIBOX events, if there is no exhibition ban for cropped dogs in the country that organize the ATIBOX event. The obligation to respect this decision and to prevent all cropped boxers, born after January 1, 2013 to participate on ATIBOX event is the obligation of the ATIBOX event organizer.

The decision is to be sent to all of ATIBOX member countries presidents and national representatives via secretary general and published on ATIBOX webpage immediately. This decision has to be published on all webpages of future ATIBOX events as well, respectively.
